

4x4 cross country adventure!

The group will be split into teams. Each team will have to work together in former Camel Trophy 4x4 land rovers to locate and collect vital items during the day. Equipped with a road book and an experienced 4x4 driver to assist you, you will ramble through the rugged and beautiful back country surrounding Mt. Blanc.

Teams will have to keep their wits and stomachs about them as they sample local delicacies, navigate with maps and compasses, shoot with rifles and manoeuvre their team to the final destination and treasure.

The farm house which is in the middle of the back country has absolutely amazing views across the countryside and the Mt Blanc massif and creates a stunning setting for the delicious Savoyard lunch! The detail can be tailored specifically to a tailored theme.
