

# THE PARMESAN JOB

Brought to you by  
**freshlysqueeze**events

# The challenge

Armed with up to 20 brand new Mini Coopers available for teams of up to 100 your mission is to uncover the criminal trail which in turn will lead you to the stolen gold

After a theatrical briefing (in the style of the cult movie) you discover that gold bullion has been stolen from under your eyes. No one knows the identity of the criminals, however we do know that a trail of clues have been carelessly left behind

Your objective is to complete an 'Italian Job' style adventure rally following the clue trail and completing a range of modern day challenges which will award information and equipment to aid your mission

Each team is equipped with a '**Parmesan Job**' pack. This black briefcase includes keys to your brand new mini, a GPS navigator, Polaroid camera, and a coded clue pack

Can you uncover the criminal trail and recover the stolen gold?

## THE PARMESAN JOB
